I made an easter theme for Pawel Aleksander Fedorynski's port of Frozen Bubble and published it to the market as Frozen Egg (<market://search?q=pname:ch.racic.frozenegg>).

All credits belong to him as I just edited the graphics file.

The Source can be found at: <http://code.google.com/p/andrac/source/browse/#svn/trunk/frozenegg>

Screenshots:

[01.04.10] Update: I pushed it on the market this morning about 2 or 3 o'clock and did go sleeping, when I woke up 8 hours later the download stats where on 500 ;-), and Pawel (the original creator of the port) says he loves it.
